

### **NewGenLib:**

NewGenLib is an integrated library management system. NewGenLib version 1.0 was released in March 2005. On 9 January 2008, NewGenLib was declared Open Source software under GNU GPL. The latest version of NewGenLib is 3.0.4 R1 released on 13 September 2012. Many libraries across the globe (mainly from the developing countries) are using NewGenLib as their Primary integrated library management system as seen from the NewGenlib discussion forum.

**Developer:** NGL is an outcome of collaboration between Verus and Kesavan Institute of Information and Knowledge management. NGL is developed and maintained by Verus Solutions and Kesavan Institute has provided the domain expertise. [Know More..](#)
